Treat yourself to a little luxury... lodge style

With warmth, comfort and charm at every turn, this is much more than a hotel. Here on the banks of Lough Ree, you know you're somewhere special. Enjoy stunning summer sunsets, bold rustic food with flavours to satisfy your soul and 30 individually designed rooms & suites with private balconies and uninterrupted lake views that take your breath away. With an outdoor lakeside hot tub and intimate treatment suites, at Wineport Lodge you've got everything you could ask for and more. And all just a little more than an hour from Dublin. Lose yourself and let that feeling flow.

## This defines 'room with a view'

Relaxation is what it's all about at Wineport Lodge and each of our 30 rooms and suites have been designed with individual flourishes to help you do just that.

It's the little things, like a bed that faces outwards so you can wake to a wide-open view of the lake and floor to ceiling windows so you can appreciate every inch of it. Not to forget the intimate balconies, where you can watch our resident swans and ducks sail happily past. Put them together with super king size beds, under-floor heating, custom designed furniture, complimentary room service and... you won't want to leave.

Fine dining  
without the fuss

We began life as a restaurant way back in 1993, and as our reputation for great food grew, the whole place grew around it. Today our award winning dining room is still the beating heart of the Lodge. Rustic in style, unpretentious and always generous on the plate... at Wineport Lodge you're in for a treat.

The aromas from the kitchen and the bright hearty dishes draw you in. Then the stunning uninterrupted lake views beg you to relax, enjoy and stay a while. Discover the best of fresh & local Irish produce brought to life with big flavour and a fusion of bright ideas that will leave you hungry for your next visit

Relax, rejuvenate and renew.
